EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Carl Brundide on Friday, January 28, 2005.

3. The application has been amended as follows:

Claim 1, line 4, "the user data" has been replaced with, --user data--.

Allowable Subject Matter

4. The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest a cell creation method of control line signals for an ATM network comprising a plurality of multiplexing equipments realizing communication among information terminals, comprising: **creating cells from user data to be transmitted from one of the information terminals to another one and control line information input from the one information terminal at a multiplex equipment connected to the information terminal, the control line information indicating a control line signal including a Receive Data/Carrier Detect signal being necessary**

Art Unit: 2665

for the another information terminal to receive the user data through half duplex communication as recited in independent claims 1, 3, 5 and 11.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
